# DRINK RICH, STAY HEALTHY

**Do you think  
the water your family  
drinks is 100% safe?**

It's time to give them  
a healthy dose of  
hydrogen-rich water  
with Hydrogen Water bottle  
from **Hydro Concept**

Blending innovation with fitness, Hydro Concept has taken a step forward for building a life on the strong base of sustainable health by introducing a radical and an innovative futuristic vision called Hydrogen Water bottle.

These bottles are sleek, smart and advanced in every means making the future of your hydro health more strong and nourishing. So add hydrogen to the penny plain water and make it into a base for healthy, immune and nourishing future.

Hydrogen water has been a hidden part of the society since decades. Countries like Japan consider hydrogen rich water to be the “water of water”. They understand the vitality of the hydrogen rich water and have been enjoying the benefits of this science marvel since last 10 years.

HYDRATE

ENERGIZE

DETOXIFY

# SIGNIFICANT TRAITS

- With superior Japanese technology, its membrane helps in easy separation of Oxygen and Hydrogen and leaves absolutely no residual chlorine.
- The waterproof plug design and the DC jack charging point offers a safe, portable, and convenient carry.
- The elegant silicon rubber pad forms a firm base and assures zero leakage.
- A water-tight swivel cup cover is smartly designed for dual-use.

## TECHNICAL SPECIFICATION

SIZE	70 x 70 x 270 mm
CALIBER	27 mm
CAPACITY	500 ml
WEIGHT	310g
MATERIAL	Eastamantritan (cover), LGH1315 (electrolyzer) ABS (body), Silicone (seal ring)
